

AF 350

TECHNICAL DATA SHEET Rev.01 - 30/06/2015

DESCRIPTION:

Para-aramid felt with good heat resisting properties, designed for engines and plants protection, and for the production of heat resistant and cut resistant garments.

SPECIFIC PROPERTIES:

- Non flammability in accordance with BS EN ISO 14116:2015
- Class A
- Excellent heat and cut resistance
- Excellent wear resistance
- Excellent flexibility and softness properties

APPLICATIONS :

Heat-resistant gloves, sleeves, inside of protective garments
Engines and plants protection

TECHNICAL DATA:

Thickness	mm	3
Nominal Weight	g/sqm	360
Operating Temperature	°C	250
Peak Temperature	°C	350
Color		Natural Yellow
Width	mm	1000-1500
Roll Length	m	50
